EXPANDED TAX ASSURANCE™

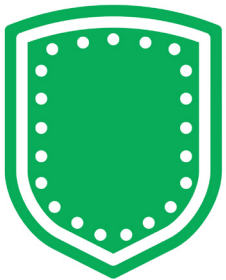

We're delivering confidence...one tax return at a time.

Notice Response Support:

If you receive a letter from the IRS or other tax agency, just bring it to us within 30 days so we can lift the stress and hassle off of your shoulders. We'll help make sense of the notices and do any research needed to create a plan for resolving the issues as quickly as possible. We'll save you hours of time by handling any formal communications and responses with the IRS or states on your behalf.

Tax Audit Representation:

If your tax return is selected for a field audit with an IRS agent, you don't have to face this formal process alone. We'll be there with you to help explain how your taxes were prepared and address the tax authority's claims against you. Our CPAs will represent you up until the appeals process, saving you as much as \$1,500 in hourly consulting and service fees.

Fee Reimbursements:

If we make an error on your tax return that causes you to pay additional taxes, penalties, and interest, we will reimburse you up to the lesser of: (1) the amount you owe to the tax authority; or (2) the amount of your original tax preparation fee paid for the effected tax year.

Who knew that peace of mind could cost so little?

For a modest fee, you can have these extra protections added to your tax return if you purchase them before your taxes are filed. When you receive your invoice from us, we will add a 20% surcharge to your tax preparation fee to cover KFG's Expanded Tax Assurance™. This protection is optional and you can choose to decline the coverage when you pay your invoice and receive your completed tax returns.
